

super simple
**SLOW COOKER MEATBALL
SUB SANDWICHES**

INGREDIENTS

Meatballs

Dolmio 'Meatballs' sauce {or make your own!}

Italian seasoning

METHOD

Just place your meatballs, sauce and seasoning into the slow cooker. Place on high for 3-4hrs.

Use sturdy rolls to handle the sauce and weight of the meatballs. Add a lettuce leaf {I find lettuce gems are perfect for these Slow Cooker Meatball sub sandwiches}, add meatballs {3 is perfect} and a squiggle of Southwest sauce!

enjoy
